REACH Statement

Mebra Plastik Italia s.p.a. is aware of the obligations deriving from REACH regulation and has been an active promoter of its purposes with suppliers and customers.

Mebra Plastik Italia s.p.a. does not manufacture or import substances concerned by the Regulation and, as a pneumatic hoses manufacturer, is not subject to the obligation of its products registration.

As a downstream products user, Mebra Plastik Italia proceeded the following tasks:

- within the given deadline of 1 December 2008 Mebra got the assurance from its suppliers about the pre-recording of purchased substances.
- accordingly to deadlines imposed by the Regulation, has been providing and will provide to its suppliers information about applications for which purchased items have been purchased.

As of the date of this letter, to the best of our knowledge, all of the tube and hose products found in Mebra Plastik Italia's catalogs (exclusive of PVC hose, and all fittings/accessories) do not contain any substances on the SVHC Candidate list (updated on 17/12/2015). Please be advised that Mebra Plastik Italia does not analyze for these substances.

If you have any questions regarding REACH compliance and how it pertains to Mebra Plastik Italia spa products please contact us at +39 0331 344005.
